

Better ergonomics, safety and pipetting results

The Pipetting Academy training guides you to achieve better pipetting results and the best possible ergonomics in your lab. Know how to recognize risk factors and how to select the right tools and working postures. Pipetting Academy has been developed by Sartorius' expert staff in cooperation with customers and third party consultants

Ákos Hadik

Has attended Sartorius Pipetting Academy in the following areas:

Ergonomics

Pipetting Techniques

2013. 05. 28. - Budakeszi
